

## Procedures for Foreigners

There are different reasons to live on the Costa del Sol, they are all worth it!

As a foreigner you can be living in Casares or Manilva in your 2nd residence, enjoying your retirement. If you are a resident you will need to present your annual income, you could generate a digital certificate to carry out procedures with the administration, or perhaps you wish to domicile your contributions.

There are also foreigners who work as freelancers and for them we have a whole package of services.

Foreigners who come to the Costa del Sol to work will need census, health cards and everything that corresponds to a fiscal domicile in Spain.

In general terms, the services for foreigners or non-residents are:

- Taxes
- Census
- Registration and/or changes of fiscal domicile
- Health cards
- Freelancers advice
- Annual rent
- Cars and motorcycles paperwork
- Real Estate red tape

Our area of action in Manilva includes procedures for foreigners in Sabinillas.
