

Register as freelance

Taking the step to become self-employed is the beginning of a series of requirements to meet and procedures to carry out with the AEAT and Social Security.

The Ballemar Casares-Manilva Self-Employed Consultancy is a service that is activated by exchanging the following information and documentation:

- Digital Certificate
- Bank Certificate of Ownership
- Address of the habitual residence and its Cadastral Reference
- Brief summary of the activity

The first monthly fee will be paid by bank transfer. From the 2nd month onwards the fee will be charged by direct debit.

Once you are registered as self-employed, we will create a space in the cloud, where the expense invoices and income invoices issued by the activity will be uploaded.
